## Patient Testimonials

*"I always felt my body was 'out of balance'. Dresses and bathing suits never fit well. My breast augmentation made me feel more confident with my body and has given me more freedom in all styles of clothing."*  
-A.R., Bethesda, MD

*"The liposuction I recently had was the wonderful finishing touch I needed. After losing weight and working out for the past year, there still were areas of my body where I couldn't lose the fat. Dr. Mausner helped me get the figure I have always wanted."*  
-B.T. Frederick, MD

*"Thanks for giving me my body back! My tummy was stretched and scarred after 3 caesarian sections, but now it's flat and tight. It's the best gift I have ever given myself and plan on sending all my 'mommy' friends in to see you."*  
-T.C. Columbia, MD

*"Recently, I noticed that I was starting to age like my mother, especially around my eyes. My eyelid lift has given me a refreshed, softer and less angry look. I was back to work in less than a week and best of all no one knows my little secret."*  
-R.S. Fairfax, VA

*"The staff at your office is the nicest and warmest I have ever encountered in a doctor's office. From the first phone call to the after-surgery care, the made my whole experience a very pleasurable one. Thank you very much!"*
